

Jump Start Your Fall Garden

Greg Peterson

*Founder, The Urban Farm
Faculty Associate, School of Sustainability*

Although Peterson has been a gardener in the Southwest since 1975, he is still discovering how to grow food in the desert. Join Peterson as he discusses the three most important things to know about starting your fall garden in the desert and how simple it really can be.

Peterson is a green living and sustainability innovator sharing his passion about how to grow food in our cities. In 2001 he created The Urban Farm, an environmental showcase home in the heart of Phoenix, which he opens periodically for tours and classes.

Greg's mission - To each day inspire people into their own level of greenness.

This event is co-sponsored by The Gardens at ASU.

Monday, September 15, 2014
12:00 - 1:30 p.m.

Wrigley Hall, Room 481
Arizona State University, Tempe campus
(lunch will be provided)
