“A” Mountain Restoration

Celebrate Earth Day 2016 by volunteering to help restore walking and hiking trails on “A” Mountain, Tempe’s only preserve!

Friday, April 22nd is Earth Day, and it’s time to walk the talk and give back to the Mountain we love too well!

Where to Meet: South side of the old Hayden Flour Mill (SE Corner of Rio Salado and Mill Ave; just north of Tempe Mission Palms). Breakfast will be served before we begin and we will offer a Food Truck meal at 11am!

Bring: Hat, sunblock, closed-toed shoes, reusable water bottle, gloves (if you have them), and clothes you don’t mind getting dirty! The City of Tempe will provide all the tools we need.

We encourage attendees to walk, bike, or light rail to this event, but limited parking for community members will be available at the Fulton Parking Garage. Please bring your ticket to the event to validate.

Friday, April 22, 2016
