

Passport for the Future: Why We Need to Re-Design the Planet

Michel Saloff-Coste

President

Design Me a Planet

Saloff-Coste is recognized in Europe, America, and Asia as a vanguard artist, global futurist, business adviser, and entrepreneur as he seeks to discover the technological, economic, social, and ecological processes related to the passage of the “Industrial Society” to the “Information Society.”

Saloff-Coste’s international NGO, “Design Me a Planet,” creates global scenarios and develops a systematic process for implementation beginning at the regional level and sustained through global level information sharing. In this creative talk, Saloff-Coste will compel the audience to “generate intelligent change together.”
