

The Sustainability Consortium: A Global Approach to Improving Consumer Products

Dr. Kevin Dooley

Academic Director, The Sustainability Consortium

Professor of Supply Chain Management, W. P. Carey School of Business

Learn about how The Sustainability Consortium is working with corporations, academics, NGOs, and governments around the globe to create science and tools that will improve the environmental and social performance of consumer products.

Dooley is a world-known expert in applying complexity science to help organizations improve. He has published over 100 articles in the areas of quality, innovation, organizational change, and complex systems.

Tuesday, November 8, 2011
