

THE SUSTAINABLE CITIES NETWORK

building a sustainable future,
one community at a time

Tim Trumble

Bonnie Richardson AIA, LEED AP
City of Tempe
Architect/Urban Planner

**ASU, city, county, and tribal leaders
established the Sustainable Cities Network to:**

**Connect ASU research with
the front-line challenges of
sustainability**

**Offer meaningful connections
and collective learning
opportunities**

**Share knowledge & coordinate
efforts to solve local
sustainability issues**

Replacing parking spaces with 'parklets'

Provide training and information

Foster partnerships and discover best practices

'Greening' the bike lane

Enhance and ensure the sustainability of the region

Sustainable Cities Network Workgroups

Water & Wastewater

Solar & Energy Efficiency

**Best Management
Practices/Green Building**

Green Infrastructure Workgroup

The Arizona Rooftop Solar Challenge

The Sustainable Cities Network and community partners streamline solar processes and increase solar accessibility.

Low Impact Development Trends in the Southwest

Xeriscape Demonstration Garden

Developing a Tree & Shade Plan For your Community

TREES FOR PEOPLE

Sustainable Cities Network
