

AGENDA

Sustainable Cities Network – First Solar Workshop

Wednesday, February 25, 2009, 9:30 AM to 11:30 AM

ASU's Global Institute of Sustainability
800 S. Cady Mall, 4th Floor Conference Room,
Tempe, AZ 85287

The first Solar Workshop of the Sustainable Cities Network will provide city leadership and their sustainability staff with a brief introduction to solar technology and its application, integration and design guidelines. In addition, participants will have the opportunity to outline future solar workshop topics and determine the priorities and activities for the Solar Workgroup in 2009.
