Please note:

Paseo de las Iglesias Phase 1 project site is an active construction site and sturdy closed shoes are required. Hard hats and safety vests are advisable and will enable us to see more of the site; the contractor will have a small number of extra hard hats and vest to borrow. You may also want to consider bringing water and binoculars.

There are restrooms at the Paseo de las Iglesias Phase 1 site only. There is plenty of parking for participants at the Paseo de las Iglesias Phase 1, but we may carpool from there.
