

# PROJECT INVENTORY

A systematic and comprehensive search was conducted to identify residences for adults with ASD, intellectual/developmental disabilities, or other special needs that were considered as exemplary models. Our search resulted in the identification of these 101 projects. Further information about the methodology for developing this inventory and classification system can be found in Appendix A of the report *Advancing Full Spectrum Housing: Designing for Adults with Autism*.

## KEY

Name	City & State	Primary Residences	Number of Residents	Residential Building Type	Development Type	Construction Type	Types of Residential and Service Support	Detail of Services	Innovation Type	Source of Information
		<p><b>A:</b> Residences with autistic adults</p> <p><b>O:</b> Residences without autistic adults</p>		<p><b>D:</b> Independent detached home</p> <p><b>A:</b> Independent attached home (e.g. townhome)</p> <p><b>C:</b> Cluster of detached homes (as planned residential development)</p> <p><b>AH:</b> Attached home, 2-4 units (e.g. duplex)</p> <p><b>AN:</b> Attached home, 6+ units (e.g. apartment complex, assisted living complex); with no common/shared spaces</p> <p><b>AC:</b> Attached home, 6+ units (e.g. apartment complex, assisted living complex); with common/shared spaces</p> <p><b>E:</b> Attached efficiency units or guest rooms (e.g. single room occupancy housing)</p>	<p><b>G:</b> Government agency</p> <p><b>N:</b> Non-profit organization/developer</p> <p><b>P:</b> Private development</p>	<p><b>E:</b> Existing and not rehabbed</p> <p><b>N:</b> New construction</p> <p><b>R:</b> Rehabbed</p>	<p><b>O:</b> Supported and Personal Assistance (service staff living off-site)</p> <p><b>S:</b> Supervised (staff living on-site or working office is on-site)</p> <p><b>I:</b> Long-term institutional (constant) care (extensive offices/service spaces on-site; somestaff may be live-in, staff there during sleeping hours)</p> <p><b>T:</b> Transitional training (supervised but only temporary)</p>	(autistic residents only)	<p><b>B:</b> Business model (e.g. homeownership; special on-site facilities produce external revenue used to cover operational expenses of housing)</p> <p><b>E:</b> Sensory experiences</p> <p><b>I:</b> Fosters functional independence (can be at the level of site; of building complex; interior/outdoor/technological features of dwelling unit)</p> <p><b>Q:</b> Quality of life enrichment (e.g. opportunity to attend community college classes)</p> <p><b>S:</b> Facilitates opportunity for socializing</p> <p><b>X:</b> Support services on site</p>
