Martinson Sustainability Solutions Research Grant

**Deadlines**

Application deadline date: Tuesday February 10, 2020

Complete all sections of this application and email to: sustainabilityscholarships@asu.edu. Please submit the application from your ASU email address. Incomplete applications will not be considered.

Submit any questions to: sustainabilityscholarships@asu.edu

**Purpose**

The Martinson Sustainability Solutions Research Grant Program offers funding for ASU sustainability student proposed research and applied projects designed to support and advance sustainability. Projects can cover any aspect of sustainability and range from local to global in scope. Project awards typically range from $100 to $500 maximum.

**Eligibility and Eligible Expenses**

1. Applicants must be regularly admitted full-time graduate or undergraduate sustainability students in the online or campus based BA, BS, MA, MS, MSL, EMSL, MSUS, or PhD program who are in good standing. Undergraduate sustainability students must be engaged in a capstone-type project or Honors thesis work. Graduate students must be engaged in thesis or culminating experience work. Projects that require IRB (Institutional Review Board) approval cannot begin without prior approval.

2. There are a number of purchasing policies that will be considered when reviewing a student's request. Rather than list all approved types of expenses here, please make a request for what your needs are and additional information will be provided when a decision is made. Students should not assume that their purchases will be approved and should understand that some items are eligible for reimbursement only (not prepayment). **ASU Tuition and fees are not an approved expense.** Please view the university travel policy for details related to acceptable travel-related expenses: [http://www.asu.edu/aad/manuals/fin/fin501.html](http://www.asu.edu/aad/manuals/fin/fin501.html). All reimbursable items must comply with ASU policy.

3. **International Travel:** Travel to countries with a U. S. State Department Travel Advisory Level of 3 (“reconsider travel”) will require advance reviews and additional approvals for travel, travel to countries with a Travel Advisory Level of 4 (“do not travel”) will not be considered.

   International travelers are required to register with [www.asu.edu/travelsafely](http://www.asu.edu/travelsafely) and purchase travel insurance (see budget).

   All travel requests must be submitted a minimum of 6 weeks in advance.

   International lodging with Airbnb accommodation will not be approved.

4. Commonly requested budget items have included: research materials, airfare, travel insurance, meals, lodging, local transportation, in support of conducting the project. The grant is not intended to support the travel costs associated with a study abroad program.

5. If awarded, funds must be spent consistently with the budgeted line items of the approved proposal and action plan. Any deviations from the original budget must be approved in advance of the project commencing. Requests for approval to travel must be submitted at least six weeks prior to the anticipated departure date and must be routed through the MyASU TRIP online system. It's strongly suggested the applicant carefully consider the research budget during the application stage.
Project Time Frame and Deliverables

Project related expenses should be incurred during summer/fall 2020.

A 1-2 page status report is due to the selection committee August 20, and a final report (no more than 5 pages) in December 2020. Due dates will be communicated with award notification.

Expense Tracking

Keep all original, itemized receipts and relevant documentation. You will need to submit appropriate documentation for expenses that are approved.

Receipts must be submitted within five days of the expense.

Application Process

1. Complete the Application Form and Budget. Sign Application Form.
2. Obtain a faculty recommendation.
3. Completed applications must be submitted by the date specified above. Completed applications include: Application Form, Budget, Faculty Recommendation.
4. Applications will be reviewed by the scholarship committee and decisions will be emailed to applicants within a few weeks.

Additional Expectations

If selected for this grant, we will provide Terms of Agreement outlining any additional expectations.

Additional expectations may include, but are not limited to: participation at a School of Sustainability Scholarship & Grant Awards banquet, a brief video interview which may be featured on an ASU-hosted website, providing biography information for website or promotional materials, providing a final written report to be featured on SustainabilityConnect (https://sustainabilityconnect.asu.edu)

$  

## Project Details

### Project Title
Provide the title of your sustainability research or applied project.

### Project Overview:
Provide a brief, one or two sentence overview of your sustainability research or applied project.

### Timeframe
Please list the specific dates related to this project (start and end) AND indicate location of event/ travel destination (if applicable). List date in MM/DD/YYYY – MM/DD/YYYY format.

### Proposal Narrative
Identify the sustainability issue or problem that your project/research is addressing, and how your proposed activities that will be funded by this grant will help you address the problem. Set your work in the context of others (e.g., the literature) and/or contemporary conditions, challenges, events, or policies. Illustrate how the grant will help you further your professional objectives and will also address a key
sustainability concern. Identify any contacts that you have made in the field area that will help you achieve your objectives.

Please attach in a separate document.

**Relevant Coursework**

List courses that you have taken that are relevant to sustainability and/or methodological approaches that will be employed in project/research.

**Other Sources of Funding**

Please list any other applications for funding either pending or funded that will support this project. Note the organization, contact person, the name of the fellowship/grant program, amount requested, and expected date of notification. (examples: GPSA, any other funding from ASU)

---

**Travel Details**

If this proposal includes a request for travel support, please complete the following section. If no travel funds are requested, check the box and skip to Budget Request

No funds are requested to support international or domestic travel.

**Travel overview:**

Provide a brief overview of your travel plans related to this funding proposal. How/why was this destination selected?

**Destination overview:**

Which city/state/countries will you be travelling to?

For international travel, review the [U.S. Department of State Travel Advisory](https://travel.state.gov/content/travel/en/traveler-info/travel-advisories/travel-advisories.html) page. What is the travel advisory level for the country you are travelling to?

1. Exercise Normal Precautions
2. Exercise Increased Precautions
3. Reconsider Travel

---

*Updated 10/15/19*
Updated 10/15/19

For ratings of 2-4, what are the Risk Indicators associated with the rating?

I understand that regardless of travel advisory level, it is recommended for U.S. citizens to enroll in the Smart Traveler Enrollment Program (STEP). The STEP program allows travelers to receive information from the U. S. Embassy about safety conditions and helps the Embassy contact the traveler in case of an emergency.

Budget Request

Note: Tuition or program fees are not acceptable expenses.

The following items are considered personal expenses and are unallowable for reimbursement: Airline for VIP club membership dues or one-day admission fees, child care, pet care, lawn, pool or home care, over-the-counter medications or prescriptions, forgotten toiletries, barbers/hairdressers, new clothing, shoe shines, excess luggage not related to ASU business, health club fees/ saunas/massages/spa visits, magazines, newspapers/personal reading materials, snacks, medical expenses while travelling, expenses of a spouse, family member, or other person accompanying the university traveler, expenses related to personal days taken before, during, or after the business portion of the trip, entertainment, “no show” charges for hotel or car service, loss or theft of funds, airline tickets, property or baggage.

Expenses listed below are assumed to apply only to the awardee of this grant. If funds are requested to cover expenses of others supporting the project (research assistants, etc) be explicit in the budget request.
